

# NOTICE FOR PARENTS, GUARDIANS AND CARERS

Please read before sitting in my chair

Children under the age of 16 must have permission to be painted and be accompanied by an adult.

I'M SORRY BUT I CAN NOT PAINT.....

- Children under three years old.
- Resistant, crying or scared children. It's not nice for me or the child and results in a messy outcome
- Anyone who is visibly sick or suffering with a cold sore, conjunctivitis, or any other infectious skin complaint, or who has eczema or an open cut on their face
- Requested designs. Every design board is custom designed for the event so I only paint what's on my board at the time
- Signs or symbols that are racially or religiously offensive

Please make sure your child's face is clean and noses have been wiped before being painted.

## DISCLAIMER

The face paints that I use have been designed for professional use and comply with all FDA regulations and EC cosmetic regulations. As with any cosmetic products some people may develop a sensitivity to one of the ingredients. Some children are allergic to elements contained in the wide range of ingredients in common products. If you have any concerns about your child's reactions to face paints, please discuss with me. I am happy to patch test on the hand to be on the safe side, please don't queue for this; come and see me and I'll apply a small amount to the back of the hand.

All make up is water based and can be removed easily by washing with soap or other cleansers and plenty of water. Please take care removing make up from the eye area as soap can sting! Some colours may temporarily stain slightly if the skin is dry, cleansing lotion after washing will help to remove it

If any clothing comes into contact with the face paints, a little Vanish or similar stain remover applied before a normal wash should remove it.

I WILL NOT BE HELD LIABLE.

ALL FACE PAINTING IS UNDERTAKEN AT YOUR OWN RISK.
